## WHAT CLAIM HAS DEMOCRATIC PARTY TO YOUR VOTE?

Judge Sam Wilson Will Address Men and Women at the Court House Tuesday Night.

This question will be asked of many men and more women before the November election and many voters old and new will ask themselves the question. Tuesday evening, March 22, at the court house Judge S. M. Wilson, of Lexington will give his answer to that question in a carefully prepared discussion of "The Democratic Party, Its History and Principles." Come, hear the discussion and see whether it satisfies your reason and aspirations.

Judge Wilson is a graduate of Center College, Danville, later a student at Williams College, Massachusetts. He has served as special judge of the Franklin Circuit Court and frequently within the ranks of the Democratic party as campaign chairman. During the war Judge Wilson went through the reserve officers training camp at Plattsburg and in October, 1917, was commissioned as a major in the Judge Advocate's department. He was assigned to duty as Assistant Judge Advocate of the 77th Division, the New York National Army Division, in training at Camp Upton, New York. He remained with this division throughout its whole glorious existence, first as assistant judge advocate, and later as judge advocate. In the spring of 1919 he was promoted to the rank of lieutenant-colonel.

He was the first officer of the division to be wounded, being struck in the thigh by fragments of a bomb dropped from a German airplane, in France, in May, 1918. His wound, while severe, was not serious and kept him in hospital only two or three weeks. His work as judge advocate of the 77th division, which was esteemed by his commanding officers, Major General J. Franklin Bell, George H. Duncan and Robert W. Alexander.

Returned to civil life, with the same spirit of patriotism that inspired him during the war, Judge Wilson now gives his time and talents, upon request, to prepare and deliver this lecture to the people of this community—because he believes that through the teachings of the Democratic party the great American republic will come to its highest destiny and fulfill best its great mission in the world.

Everybody without respect to party is invited. Very soon a Republican of equally high rank and patriotism will tell why he believes the destiny of the nation is safest in Republican hands. Hear both of them—Judge Wilson, court house, Tuesday, 7:30 p. m.

## TALENTED YOUNG LADY DIED LATE SATURDAY

Miss Ella Mae Murphy Succumbs after Long Illness Through Which She Suffered Much Pain.

Miss Ella Mae Murphy, oldest daughter of Mr. and Mrs. P. J. Murphy, died at the home of her parents in Third street Saturday afternoon about 4 o'clock after a lingering illness of many months during which time she suffered intense pain.

Miss Murphy was one of the most talented young musicians in the city and prior to her illness was private instructor in music, having demonstrated her ability through many of our best young musical students.

She was taken ill about two years ago and everything known to medical skill was resorted to by her loved ones in an effort to relieve her of pain and the prey of disease but all their efforts were in vain and she was relieved of her suffering Saturday. A more lovable young lady never lived in this city and her death is a great loss to her family and friends.

Besides her devoted parents, she is survived by three sisters, Misses Lucille, Agnes and Louise Murphy, and four brothers, Messrs. J. C. W. P. Charles and Frank Murphy.

Funeral will be from St. Patrick's Church Tuesday morning at 9 o'clock and burial will be in the Washington cemetery.

## "OH, BOY" PLEASES GOOD SIZED CROWD.

There was a very good Saturday night crowd at the Washington to see the musical comedy "Oh, Boy." The show pleased very well although it might not have measured up, in all respects, to some of the musical shows local theater goers have enjoyed this season. Miss Charlotte Mayfield as Jackie Sampson was as good as any show has had in their cast and there were many others deserving special mention. Taken in all the show was very pleasing and well worth the price.

## FLEMING MAN TO BE RETURNED TO CINCINNATI.

Mr. A. M. Broberger, probation officer of the Humane Society, arrived here this morning from Cincinnati en route to Flemingsburg where he will take James Politt in charge and return him to Cincinnati. Politt was arrested in Flemingsburg last week at the request of the Ohio Humane Society on a charge of deserting his family.

Mr. and Mrs. W. C. Collins, of West Third street, are recovering from a severe cold.

## GENEROUS IS OFFER OF BUSINESS MEN TO GIVE CITY FINE LOT

Erection of New Fire Hall, as Proposed, However, Would Cost City More Than Present Hall—Much Objection to Location.

The proposition of the Home Building and Realty Co., to donate to the city, the lot purchased from the city known as the Limestone street lot, provided the city will erect thereon an adequate fire hall, is certainly a generous offer on the part of the public-spirited citizens comprising this progressive company, and is one that the Honorable City Council should consider from all angles and then take action on the proposition.

The present fire quarters are too small to house both the Kinney Mack and the Uncle Bob, the city's two fire-fighting machines, though it is true there has never been any occasion to use two machines, except in cases of flood which occurs as at present about once in five years, the rest of the time the other machine, usually the Uncle Bob, is safely housed on the city's own property, without cost to the city.

The firemen in their present quarters are most comfortably housed, having delightful sleeping quarters, light and airy, with plenty of room, situated right in the heart of the city, with both the Pastime and Washington theaters in close proximity to their quarters, free access to both theaters having been generously tendered the department by both Managers Triebel and Russell, performances at these theaters help to keep down the monotony of the firemen's life, and some of the firemen have remarked that were it not for the diversions offered by their present down-town location they could not continue as "men" while present. The firemen are all well pleased with their present quarters, there has never been any trouble securing competent men for the department, there usually being a waiting list and two of the present firemen, Chief Newell and Assistant Chief Andy Reed have been with the department since its organization, and two of the members of the department have been firemen for a number of years.

The present fire hall is situated in the most congested district of the city, which is as it should be, for it is in the compactly built fire district that prompt fire protection is most essential.

The city pays a nominal rental for its present quarters of \$200 per year, a new fire hall of the very cheapest kind that could be built at the present high price of material and labor would cost not less than \$10,000 at a very moderate estimate, which at 5 per cent interest would cost the city \$500 per year.

The fire hall if moved to Limestone street, would be opposite the main entrance to the High School. Any alarm of fire would be a disturbing element to all the children in the entire building, then the danger of the children at play in Limestone street in the event of the fire machine coming out in answer to an alarm of fire, would more than offset any accrued advantage there might be in the city owning their own fire hall on Limestone street.

## PLANNING FOR S. & N. DAY.

Local Sunday Schools have already begun to make preparations for the celebration of Go-To-Sunday-School Day which will be celebrated on the first Sunday in May. All of the local schools will have special programs and an effort will be made to have at least 5,000 persons in Sunday school on that day.

## DIES AT PORTSMOUTH.

Miss Mable Lee Morris, aged 19 years, daughter of the late Pat Morris, died Sunday afternoon at her home at Portsmouth after several weeks' illness of heart trouble. She is survived by her mother and one sister. Burial will be in the Portsmouth cemetery. Miss Morris was a niece of Mrs. Ed Chinn, of Lexington street, this city.

## MRS. MARY McKIBBIN DEAD.

Mrs. Mary McKibbin, wife of Charles McKibbin, 73 years of age, died at her home in Sixth street Saturday evening of infirmities incident to advanced age. The funeral will be held from the home Tuesday afternoon at 2 o'clock and burial will be made in the Mayville cemetery.

## MRS. FRANCES STAPLETON DEAD.

Mrs. Frances Stapleton, widow of the late Captain William Stapleton, died at her home in Memphis, Tenn., Sunday after a long illness. She was a sister of Mrs. Robert Davis, of Cincinnati, formerly of this city.

## HIBLE CLASS TO BE ENTERTAINED.

The Eleanor Wood Bible Class of the Presbyterian church will be entertained by Mr. and Mrs. Percy Lee Tuesday evening at their home. A full attendance of the members of this class is desired.

## UNITED COMMERCIAL TRAVELERS TAKE ON NEW LIFE

Local Organization of Traveling men Is Revived and Will Lend Help to Road Improvement in County.

Mayville Council, No. 38, U. T. C., which has been quite inactive for several months, is taking on new life and at the meeting of the order held on Saturday evening new officers were elected and steps were taken to revive the organization quite a bit. The new officers chosen were:

Senior Counselor—Henry Hoyer. Secretary—Wheeler Hoyer. Mr. Carr Politt was elected by the order as their representative to the meeting of the Grand Council which will meet this year in Roanoke, Va.

The members of the order decided to make a special membership drive in the immediate future in order to enlist as members all persons in Mayville and Mason county who were eligible. The order also agreed to lend their hearty support to any sort of movement which might be launched by the county officials toward giving Mayville better roads.

## LARGE ROAD BOND ISSUE IS DISCUSSED

County Commissioners Hold Special Meeting To Discuss New Road Law and Solution of Problem.

The Mason County Commissioners held a special meeting at County Judge H. P. Purnell's office this afternoon for the purpose of studying the new state road law and the road problem as it now faces Mason county.

There were several prominent citizens called to the conference and County Attorney W. H. Rees read the new road law as the Commissioners discussed it. Under this law, three of the main pikes in Mason county—Germantown, Lexington and the Lewis county roads—become state roads and on the state putting them in condition but as this may be quite a long time in the future, it seemed the general opinion of all the commissioners that a large bond issue was the only question for Mason county to consider at this time.

The largest amount of money for which Mason county can issue bonds is one million dollars and it may be that such a bond issue for the immediate construction of some form of permanent road will be presented to the people of the county in a special election in the near future.

## MANY APPEAR BEFORE EQUALIZATION BOARD.

The County Board of Equalization today resumed its daily sessions and for the next several days they will hear the complaints of those whose assessment has been increased. There were several calling on the board today. No one was increased materially except the owners of town lots in Mayville and the other towns in the county.

## MAYSVILLE WINS LAST GAMES OF THE SEASON.

In the last basketball games of the season at the High School gymnasium Saturday evening, the locals defeated the teams from the Portsmouth, Ohio, High School. The local girls won by a score of 14 to 6 and the local boys won by a score of 26 to 24. The latter game was said to have been the most exciting of the season.

## TWO JOIN ARMY HERE.

Charles B. Setters, of Garrison, Ky., and William Linerick, of this city, both joined the United States Army at the local recruiting station today. They both enlisted in the 83rd Field Artillery for a period of one year. Linerick is a previous service man.

## GRAND JURY REPORTS AND GETS DOWN TO BUSINESS FOR TERM

Spring Term of the Mason Circuit Court Begins This Morning—Grand Jury Get Down to Its Duties.

The Spring term of the Mason Circuit Court opened this morning at 9 o'clock and indications on opening day are that this session will be a very short and quiet one, except for the trial of Henry Eddins, under indictment for murder, which may be called about the middle of this week.

The selection of the Grand Jury indicated that the farmers are very anxious to get into their Spring work. The majority of those summoned for jury duty asked to be relieved as they had not yet been able to do their Spring work and as weather was just arriving that would enable them to get into the work of plowing and making tobacco beds. After considerable trouble Judge Newell swore the Grand Jury for the term which is made up of the following gentlemen: W. W. Melvain, Foreman; Paul Best, A. C. Jones, W. D. Frazer; I. N. Childs, Ed Marshall, Adrian Suit, Clint Bramel, Chas. Moran, Thomas Downing, Elbert Trisler and Elwood Tolle.

The lawyers were busy during the morning making the usual first day motions and considerable headway was made on laying out the calendar for the term, which will be completed tomorrow.

The first criminal case scheduled for trial is that of George Berry, Dover man, indicted for incest, which will probably be called Tuesday.

Judge Newell gave the Grand Jury the usual instructions, only and they went to their room to begin their investigations. There are quite a number of hold over cases from the lower courts but because of the season of the year, it is thought the jury will complete its work within a few days.

## WOMEN'S CLUB INDORSES COUNTY HEALTH WORK.

At a very interesting meeting of the Mason County Woman's Club held Saturday afternoon that organization heartily indorsed the Mason County Health work being done through the co-operation of the County, State and Federal Health departments.

Rockwood coffee is cleaned and roasted with the utmost care, then steel cut, obaf removed and packed while fresh—it's the real merit and assured satisfaction coffee—one pound packages only. Ask your grocer.

## KIDDIES BENEFIT PICTURE TODAY AT OPERA HOUSE

"A Twilight Baby" Will Be Shown This Afternoon and Night Benefit Of Children.

Those motion picture fans who have been waiting for some yearless comedy producer who would dare to bring forth a "take-off" on the highspots in filmdom, will realize their fond desire if they see "A Twilight Baby." Henry Lehrman's initial production of First National Exhibitors' Circuit which will be shown at the Washington this afternoon and tonight for the benefit of the Penny Lunch of the First District school.

For the first time in memory Mr. Lehrman has produced a picture that contains every laugh-essential of the funniest comedy but which at the same time is built around a logical plot that provides for amusing satire on the average motion picture of today. As an instance of the cleverness with which "A Twilight Baby" is characterized, the fearful, heart-rending, verbose sub-title of today is aptly burlesqued. Those pictures which have been featuring wild rides of the night-riders come in for a share of the fun-poking and many other spots in the present-day motion picture are used for laugh purposes.

Lloyd (Ham) Hamilton and Virginia Rappe are seen in the leading roles of this attraction.

## OUR ROADS.

The Sample Case section of Sunday's Lexington Herald says: "The roads in Mason and Fleming counties are in a worse condition than they have been in the last thirteen years," says Less Rue, "some places are almost impossible to get through, but I arrived home safe all but the exception of a broken spring."

Ten little Cabinet members, in the White House fine,  
Bill Bryan quit his job, and then there were nine;  
Nine little Cabinet members, having a debate  
Lindley Garrison had a fight, and then there were eight;  
Eight little Cabinet members, thought they were in heaven,  
McReynolds landed a nice new job, and then there were seven;  
Seven little Cabinet members, in an awful fix,  
McAdoo left, to get more pay, and then there were six;  
Six little Cabinet members, struggling to keep alive,  
High cost forced Gregory out, and then there were five;  
Five little Cabinet members, playing on the floor,

Well, this, except the One and only One;  
The one in all, and All in One;  
Of earth, the light, of suns, the Sun—Wilson!

## WHAT DO YOU EAT?

What do you eat? One the whole, is your food much the same as granddaddy used to live on?

Probably not. Anyway, it's interesting to note the result of an intimate inquiry recently made by the office of home economics in the United States Agricultural Department. It consisted of a comparison of the foodstuffs purchased by 500 families with the amounts of the same foods purchased by 400 families about twenty years ago.

The outcome shows that the amount of meat in the diet has decreased about eight per cent., and grain products about eleven per cent., while dairy products have increased about six per cent.; vegetables, four per cent., and fruits eight per cent. The average amount of meat and fish supplied in the diet in the 500 studies was about six ounces daily per man; dairy products, sixteen ounces; grain products, thirteen ounces; vegetables, sixteen; fruits, nine; sugar and syrups, three, and fats, two ounces.

The use of milk increased up to fourteen ounces a day, which is only one-third of a quart. We quite agree with the Journal of the American Medical Association that this is inadequate and shows that the people of this country undervalue the importance of milk in the diet. One-third of a quart of milk to a family is much below what should be normal—normal merely from a health standpoint.

Perhaps, however, when somebody devises a way to get milk from the producers to the consumer with part of the heavy middle charge eliminated, we will become greater milk drinkers—as a nation—and more healthy in consequence.

## BABIES PLAY NO POLITICS.

Republican babies die as fast as Democratic babies, if they do not have the right kind of care; and mothers in childbirth are subject to the same perils whatever political party they may favor.

Safeguarding the lives of the next generation is "big business," which all approve. Whatever policy is adopted toward public utilities, the mothers of future citizens must receive protection from the government. The real economy of life-saving is disputed by no party, whatever its views on public expenditure.

The Sheppard-Towner bill is sponsored by a Democratic Senator and a Republican Representative. The first proposed expenditure of less than 25 cents per birth is a good investment.

Various members of Congress have said that this measure must first of all appeal to women; that if they do not want it it will not become law, but that if they do want it, and will make that desire known, it will be passed by any Congress of whatever party as soon as they feel the power of that one-half of the population, which knows at first hand the importance of protecting mothers and babies. Will the other half of the population deny the importance of this measure when they are so ready to give large sums of money and time and labor to protect cattle, crops, fruit trees and fish?

## BACK TO THE LAND SOME DAY.

Those who want nothing but land taxed, or who are urging the reclamation of great areas of cut-over lands, swamp lands and deserts, have their main argument on the necessity for more food. Grow more and you will reduce the cost of living.

They forget the main things. Where are they going to get the men to farm the reclaimed lands? Young men, and older men, too, are deserting the farms every day, lured by the prospect of big money, shorter hours and easier work in the city. Thousands of young men who went to war from the farms never got farther back than the city. Thus the city itself is to blame for its own high cost of living.

There is today plenty of good land to farm without going to the desert and the swamp. This good land is idle because it is not profitable to farm it. Make farming more profitable—make the country as good a place to work in as the city—and the abandoned farms scattered all over this country will be taken up and farmed.

Man instinctively is a worker of the soil and only artificial conditions will keep him from his native element. The conditions in the cities are now so artificial that they can't last; as sure as fate they will wear out. But, in the meanwhile, they spend millions and billions reclaiming land when tens of thousands of fertile acres are lying fallow!

## IT'S A LONG WAY TO SOUTH WALES BUT THE RED CROSS IS THERE

BEATRICE MANLEY, seven years old and "small to her age," has arrived at her new home in Wales, where she will live with her grandparents. Beatrice has been a protégé of the Red Cross for several months while arrangements were pending for her journey to the country overseas.

When the influenza epidemic raged so strongly a year ago Beatrice's father and mother died at their home in Gravit, Kentucky. The grandparents in South Wales wrote to the British Consul in this country asking him to plan for Beatrice's trip to Wales, where she would live with them.

The British Consul enlisted the services of the American Red Cross. After the death of her parents, Beatrice was taken by a kindly family near her home. The people offered to care for her as their own, but the prior claim of the grandparents was readily acceded when the Red Cross told them of the letter from Wales.

Then while the Red Cross Home Service Sections in that part of Kentucky were busy settling up Beatrice's "estate" of \$45 and securing for sale, furniture that had graced the little home, which had been taken by neighbors who thought they deserved it for care given the Manleys, Beatrice awaited further word of her journey to Wales.

Several matters had to be straightened out first and the Red Cross was commissioned to find for the small traveler a suitable chaperone. Weeks passed until one was secured and the child became a great favorite with the passengers aboard ship. A representative of the London Chapter of the American Red Cross, which is under jurisdiction of the Fourteenth Division in Plymouth, where the grandparents awaited her. The Fourteenth Division has arranged for a visitor from the Cardiff, Wales, Chapter to visit the home frequently and keep in touch with the family.

The London Chapter writes: "Mr. and Mrs. Manley are delighted to have Beatrice with them and are very grateful to the Red Cross for care given the child. They had not been away from their village before and felt but for the Red Cross they would have had great difficulty in finding the child at the port."

## NATIONAL HEADQUARTERS OFFERS ANNUAL PRIZE FOR RED CROSS WORK

THE American Red Cross issues four prizes each year for remarkable examples of First Aid work. These are:

- 1st Prize.....\$50.00
- 2nd Prize.....25.00
- 3rd Prize.....15.00
- 4th Prize.....10.00

Competition for these prizes is open to all holders of Red Cross First Aid certificates and in special cases to others who have been instructed in First Aid under the auspices of the Red Cross and yet may not hold certificates.

An account of the nature of the injury is required, together with the statement of the person doing the First Aid, supplemented by a statement from the physician to whom the case goes following the First Aid work done.

This competition is decided every year in December by National Headquarters of the Red Cross. It has been the experience of National Headquarters that a great many people delay sending in these accounts until December. Then they arrive too late to be considered as First Aid work done in that calendar year.

It is requested further that these accounts of First Aid rendered be sent to the Lake Division director of First Aid, Cleveland, typewritten if possible with carbon enclosure. These accounts will be sent speedily to Washington.

Five doctors and 11 other workers of the American Red Cross Commission remain in middle Siberia to distribute the large amounts of relief supplies previously shipped into the interior. Much of the work was halted and immediate evacuation of several warehouses made necessary through the war between the various factions.

American Red Cross workers at Chita supplied clothing for 3,000 miners, 5,000 railway employees and their families, 3,000 Austro-German prisoners and approximately 1,000 civilians during the recent particularly bitter cold of the Arctic winter there.

You Can Be Free from Pain as I Am, if You Do as I Did.

Harrington, Mo.—"I suffered with backache, pains through my hips and such a bearing down feeling that I could not stand on my feet. I also had other distressing symptoms. At times I had to give up work. I tried a number of remedies but Lydia E. Pinkham's Vegetable Compound did me more good than anything else. I am regular, do not suffer the pains I used to, keep house and do all my work. I recommend your medicine to all who suffer as I did and you may use my letter as you like."—Mrs. MINNIE MITCHELL, Harrington, Mo.

There are many women who suffer as Mrs. Mitchell did and who are being benefited by this great medicine every day. It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration. Lydia E. Pinkham's Vegetable Compound contains no narcotics or harmful drugs. It is made from extracts of roots and herbs and is a safe medium for women. If you need special advice write Lydia E. ## OUR COLORED CITIZENS.

## CARD OF THANKS.

I wish to thank our many friends who have been so generous and kind during the sickness and death of our darling little "Elliger Moses Payne."

A bright little angel whom the Lord called from our home the 17th day of March, 1920, at the tender age of 16 months and a few days.

Sometimes out of the darkest night of sorrow comes the brightest of a morning of happiness; our hearts are made sad, our home lonely by his departure yet it is the Master's will, and we bow in humble submission. I am sensible of the heroic effort of Dr. W. C. Patton to save his life, we are also sensible of all the consoling words from the lips of Rev. I. G. Penn, both of whom we wish to thank. Our hearts go out in kindness and thanks to the big hearted ladies and gentlemen of the R. J. Reynolds Company, who so generously contributed for flowers. In fact, we wish to take this means of thanking all who did some loving kindness in this the hour of our deepest sorrow. Yours,

## HOME GARDEN HABIT TAUGHT BY THE WAR

Secretary Meredith Points Out An Important Gain to Country.

Secretary E. T. Meredith of the U. S. Department of Agriculture, in a letter sent throughout the country, urging that a thrift garden campaign be made this spring, to help lower the high cost of living, makes an interesting statement about the home gardens of America.

The war taught this generation the value of home gardening, the secretary says, and while there are no statistics on the value of the food produced in this way, the experts of the department report that from their observation more was produced in 1919 than in 1917.

The latter was the first war garden year when probably more gardens were made in this country than ever before or since. Patriotic zeal inspired attempts to make vegetables grow in very barren soil, in many cases. Many disappointments resulted, and in succeeding years the number of gardens undoubtedly was reduced, but as the secretary pointed out, the amount of food produced increased.

This was due, without doubt, to the increased skill of the gardeners that stuck at it, and the improved yield of land cultivated more than one season.

Gardening a World-Wide Vogue. Like many other fashions that have followed the world war, the vogue of home gardens is not peculiar to America. In England, the allotment hold-

## COFFEE! BELLE OF MAYSVILLE

It is like the dew of Hebron; it has the sweetness of Nectar, the sparkle of champagne, the aroma of a thousand flowers.

For a cup of it Nero would have burned a thousand Romes, Caesar remitted the taxes of all the Jews and Napoleon turned peacemaker.

The only difference in this wonderful Coffee and the goods we sold years ago, it hasn't the kick.

### "IN THE DAY'S NEWS."

The nearest point to Paris reached by the Germans in the first battle of the Marne is to be marked by "America's Gift to France," a statue by Frederick MacMonnies. To carry out the project a fund of \$250,000 is required, and during this week an effort is to be made to raise this fund by popular subscription. Mr. MacMonnies, the designer of the statue, is one of the foremost American sculptors. He was a Brooklyn lad who was trained by Saint Gaudens, and later found his way both to Munich and Paris, and in 1886, won the highest prize offered to foreigners for sculpture shown at the Parisian exhibition of that year. The next year he set up his studio in Paris. His first work to attract attention was his Nathan Hale, now to be seen in New York City. One of his finest achievements is the Soldiers and Sailors' Arch in Prospect Park, Brooklyn. Of his ability there can be no doubt, and his knowledge of France and of French ideals make him a suitable interpreter between that nation and America.

### TODAY'S ANNIVERSARIES.

1820—Commodore Stephen Decatur was killed in a duel with Commodore Barron, at Bladensburg, Md.  
1822—Rosa Bonheur, eminent painter, the first woman to be decorated with the Legion of Honor, born at Bordeaux. Died near Paris, May 25, 1899.  
1844—William Carroll, soldier in the War of 1812 and Governor of Tennessee, died at Nashville. Born at Pittsburgh, Pa., in 1788.  
1889—The Berlin Sea was closed to all nations.  
1894—A resolution on the death of Louis Kossuth was passed by the United States Senate.  
1895—Governor-General of Canada signed the order re-establishing separate schools in Manitoba.  
1916—Transatlantic liner Minncapolis was torpedoed by a submarine in the Mediterranean Sea.  
1918—South Dakota passed a law to conscript labor for farms.

### TODAY'S CALENDAR OF SPORTS.

Racing—Winter meeting of Cuban-American Jockey Club, at Havana.  
Golf—Florida Winter championship tournament opens at St. Augustine.  
Automobile—Opening of annual show at Oklahoma City.  
Start of race from Rochester, N. Y., to San Francisco.  
Basketball—University of Chicago vs. University of Pennsylvania, at Chicago, for national intercollegiate championship.  
Hockey—American Olympic elimination contests, at Pittsburgh.

Pul Moore vs. Harry Hramer, eight rounds, at Memphis.  
Goats Doug vs. Anthony Downey, ten rounds, at Columbus, O.  
Johnny Sheppard vs. Willie Jackson, six rounds, at Philadelphia.

Leisure Service—Efficiency.

One result of the war has been to largely increase the consumption of American candy in England. Which serves to recall that the first store in London for the exclusive sale of American confectionery was installed by a woman—Miss Virginia Pope, of Buffalo, N. Y.—in 1889.

In Egypt cottonseed oil cake seems to be proving a satisfactory substitute for coal. The present value of the oil cake is less than a fifth of the cost of coal.

### GONE FOR GOOD

Results That Last Are What Appeal to Maysville People.

Kidney sufferers in Maysville want more than temporary relief. They want results that last—Results like Mr. Lynch tells about. His was a thorough test. Four years is a long time. Doan's Kidney Pills have stood the test and stood it well.

Why experiment with an untried medicine? People here in Maysville have shown the way.

Read the story of W. H. Lynch, shoemaker, E. Third St. He says: "My kidneys were weak and sluggish. At one time the action of my kidneys stopped altogether. I finally used Doan's Kidney Pills and in a short time the action of my kidneys became normal. I kept on taking them and they completely relieved me."

**TROUBLE NEVER RETURNED**  
Nearly five years later, Mr. Lynch said: "I haven't had any need of a kidney remedy since I last recommended Doan's Kidney Pills. They have permanently cured me." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lynch had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Some of the novelty ribbons are so designed that when they are draped into a Hat they have every appearance of being especially prepared for that very Hat. This is especially true of one model we are showing of taffeta ribbon, in which at equal distances appears a frayed fringe effect worked in the ribbon on the bias. The Hat is small, fits the head closely and is quite as charming as you could imagine. Novelty ribbon affects are shown on much of this millinery prepared for your Easter choosing.

Weak and All Run Down But Vola-Tonic Brought Back Strength.

Mrs. E. M. Smith, 2618 Gilbert avenue, Cincinnati, suffered with her stomach two years and so had recently that for two months she wasn't able to do a bit of her housework.

"I took Vola-Tonic and now I am a great deal better," Mrs. Smith said. "I was in such bad condition before I took Vola-Tonic that I could hardly keep food on my stomach at all. I had headaches all the time, too, and I was very nervous."

"For two months recently I felt so badly that I wasn't able to do any of my housework. Then I started taking Vola-Tonic. I hadn't taken more than a few doses of Vola-Tonic before I could see results."

"I continued taking Vola-Tonic and now my stomach is in much better condition and my nerves are about normal. I am much stronger than before."

"I know I have derived a great deal of benefit from taking Vola-Tonic and I want to recommend this medicine to everybody who feels weak and run down and needs more strength."

Vola-Tonic, "Builder Of Strength," has helped thousands of weakened, run down men and women back to health and strength and it will do for you what it has done for others. If you are feeling weak and run down get Vola-Tonic — TODAY!

Vola-Tonic is being specially introduced in Maysville at J. J. Wood & Son's.

**BEBUTIFUL SPRING DAY BRINGS OUT LARGE NUMBER**

Good Attendance is Reported at Local Sunday Schools on Sunday by Secretary Richardson.

Sunday school attendance Secretary J. H. Richardson makes the following report on Sunday school attendance on last Sunday:

Christian	171
First Presbyterian	162
Third Street M. E.	154
First Baptist	128
"Little Brick" M. E. South	108
Selden M. B.	103
First M. E. South	93
Hillsdale	71
City Mission	67
Washington Presbyterian	57
Episcopal	57
Bethel Baptist (colored)	7
Scott M. E. (colored)	66

Always responsive to every worthy call for help the progressive Sunday school of First Presbyterian church made an offering of thirty dollars to the Serbian Relief fund yesterday.

There were five additions by transfer at the Third Street M. E. Church yesterday. The attendance at the church services at this church is steadily increasing. The pastor, Rev. W. S. Peters, is preaching a very strong series of Sunday evening sermons. That of last evening on the subject of "Infidelity" was one of the strongest sermons he has preached since coming to this church.

The Sunday school of the Third Street M. E. Church will give the program "New Life" by Anita H. Ferris on Easter Sunday evening. The program is divided into three parts: "New Life Through the Risen Lord," "New Life for Nature" and "New Life for the Nations." Much of the service will be in the form of pageant and pantomime. The pastor, Miss Hurd and Mrs. Hurd will direct the program. Mr. J. A. Hill will provide the electrical effects, and Mr. John Walsh the decorations. With such workers a good presentation of the program may be expected.

**OHIO RIVER STARTS BACK INTO ITS BANKS**

River After Reaching Stage of 52.1 Feet at This Place, Starts Back At Slow Speed.

The crest of the 1920 Spring rise in the Ohio River was reached here last night when the government gauge registered 52.1 feet, the highest the river has been at this place since 1917.

At 2:30 o'clock this afternoon the gauge registered 51.7 showing a very slow fall but reports from up the river are to the effect that the fall is rapid there and it is expected that will be taken on considerable speed in its rush back into its banks.

As soon as the water has fallen below the sidewalk line in Bridge street, the steam fire engine will be put to work and Bridge street will be pumped out so that traffic into the East end of the city can be resumed over East Second street.

**CITY'S VACANT LOTS SOLD AT AUCTION.**

The city's vacant lots in various parts of the city were sold at public auction Saturday afternoon. Mayor Thomas M. Russell, being the auctioneer. The Hord's Hill lot was purchased by Mr. James Clefford for \$150; Plum street lot to Mr. T. A. Duke at \$325; Market street lot to Judge H. P. Farnell for \$210, and the Limestone street lot to the Home Building and Realty Company for \$1,625.

**CARD OF THANKS.**

We wish to thank my many friends for their kindnesses, in the loss of our husband, and father, Mr. James Purdon, also for the many floral offerings. We wish to thank Rev. Dickey for his consoling words, and Mr. Porter for the efficient manner in which he conducted the funeral.
